The great adventure in comics

By Midjourney

Teams Connect

What is it ?

Immerse yourself in a unique team-building experience, specially designed to blend creativity, technology, and team spirit!

In this collaborative workshop, each team will create a comic strip, from brainstorming to final execution. Participants will define a theme and then use Midjourney for visuals and ChatGPT (or Copilot, Gemini...) for the storyline and dialogues.

Collaboration and communication will be key throughout the creative process. Teams will need to merge their talents

10 to 300 participants per team of 2 to 3 people

1h30 to 2h

Indoor, Distancial, Hybrid

Organisation :

Briefing (15 to 30min) - Creation (60min) - Debriefing (15 min)
